16. All content, trademarks, services marks, trade names, logos and icons are the property of The Company or its affiliates or agents and are protected by copyright laws and international treaties and provisions.

16.1. You agree not to delete any copyright notices or other indications of protected intellectual property rights from materials that you print or download from the web site. You will not obtain any intellectual property rights in or any right or license to use such materials or the web site, other than as set out in this Agreement.

16.2. You acknowledge that the Software contains proprietary trade secrets of the Company and you hereby agree to maintain the confidentiality of the Software using at least as great a degree of care as you use to maintain the confidentiality of your own most confidential information. You agree to reasonably communicate the terms and conditions of this Agreement to those persons employed by you who come into contact with the Software, and to use best efforts to ensure their compliance with such terms and conditions. Images displayed on the web site are either the property of The Company or used with permission. 17. It is important that you be fully aware of the following points: A Day-Trading position may be extended to the following day, as presented to you on the site. Such extension is subject to a Renewal Fee (Rolling Fee) at the rate and time as specified on the site. The Company via the Company trading platform shall collect such Renewal Fee from the free balance in your account held with Company. In the event there are not sufficient funds in your free balance to cover such fee(s), you hereby agree that Company may charge, at its sole discretion, such fee(s) from your credit card(s). Please note that the minimum charge from a credit card is USD 3.00. Accordingly, any surplus balance, after paying the Renewal Fee(s) will be credited to your balance. If Company is unable to collect such fee(s), Company reserves the right to close part, or all, of your open positions. You shall be liable for promptly paying all Renewal Fees fee(s), even if all margins previously deposited by you have been lost. The result of the above is that even a slight fluctuation of the market could mean substantial gains when these fluctuations are in your favor, but that could also mean considerable losses if the fluctuations are to your detriment. No system exists that could assure you that transactions on the foreign currency market should bring you great benefits, nor is it possible to guarantee, that your transactions will yield favorable results. The amount you could lose in a transaction carrying limited risk will never be more appreciable than that which you can lose in transactions having no pre-determined limit on loss. Nevertheless, even though the extent of the losses could be subjected to an agreed upon limit, the risk of incurring losses could be higher, and that loss could occur in a relatively short period of time. It is possible that some

unfavorable situations on the market could occur, in a relatively short period of time, resulting in the total loss of your investment. Since deposit of an additional guarantee is not obligatory in this case, Company reserves the right to close the outstanding balances without the customer's consent. The risk information presented here does not reflect all of the risks as well as other important aspects intrinsic to the stock market. Therefore, before starting to trade, you should learn the specifics of trading on stock markets in detail. You should conclude an Agreement for opening and/or closing transactions on the market only if you are absolutely sure of the size of its possible risk and consequences and if you understand in detail the scope and range of your rights and obligations. Products offered on this site: the products offered on this site are solely "Day Trading" and "Limit orders". For additional information regarding these products please refer to our Guided Tour and / or our Glossary.
